

Addendum

The Dolichopodidae (Diptera) of Mexican amber

Daniel J. Bickel^{1,*}, Mónica M. Solórzano Kraemer²

¹ Entomology Section, Australian Museum, 6 College Street, Sydney NSW 2000 Australia.

² Senckenberg Forschungsinstitut und Naturmuseum, Senckenberganlage 25, 60325 Frankfurt am Main, Germany.

* danb@austmus.gov.au

In the recent paper by Bickel and Solórzano Kraemer (2016) six new species of Dolichopodidae in Mexican amber were published without the Zoobank registration number. The taxa were registered before publication but missed the end phase of edition. Here we add the numbers in order to make the new taxa valid according to the ICZN regulations.

***Mesorhaga pseudolacrymans* Bickel, n. sp.**
